With 8,000 members and 250 grottos (chapters), the National Speleological Society is the largest organization in the world working every day to further the exploration, study, and protection of caves and their environments, and foster fellowship among cavers.

For over 70 years, the National Speleological Society has promoted safe and responsible caving practices, effective cave and karst management, speleology, and conservation. Our members are bound together by their love of caves and caving and their desire to learn about the underground wilderness and protect it for future generations.

Member Types

We offer a number of membership options; all include an electronic subscription to our monthly caving magazine, the *NSS News*; the scientific *Journal of Cave and Karst Studies* (electronic) four times a year; the annual membership directory; and *American Caving Accidents*. Membership also entitles you to audiovisual and printed library privileges and NSS Bookstore discounts. Paper subscriptions to the *NSS News* and *JCKS* are available later in the checkout process.
